### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Douglas Jackson on 18 September 2008.

The application has been amended as follows:

#### **In the claims:**

Claim 5, line 1, insert —a plurality of—between the words "place" and "adjacent."

Claim 5, line 3, delete the phrase "next planar element" between the words "which" and "is" so that the line reads "a counter hole in a next planar element which is movable to be."

Claim 5, line 11, insert the word —a— between the words "in" and "down."

Claim 5, line 11, insert the phrase --in order-- between the words "position" and "to."

Claim 5, line 19, delete the word "bracket" and replace it with —base pin--.

The following is an examiner's statement of reasons for allowance: Although the references of record show some similar features of applicant's claimed device, they fail to show or teach the claimed invention, wherein a downward movement of the bracket moves the base pin to a down position within the hole in the base.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to ALYSON M. MERLINO whose telephone number is (571)272-2219. The examiner can normally be reached on Monday through Friday, 7:30 - 5:00.
